Eminent minds at conclave: Leaders convene to shape a prosperous future

# TOI

DDF consultants hosted DEVCON 2024, a development conclave aimed at fostering collaboration and innovative solutions for India's future. The event, held under the theme 'India Rising - A Vision for Amritkaal,' brought together industry leaders, experts, and visionaries to engage in substantive discussions on the nation's growth trajectory.

The conclave was inaugurated by chief guest KP Mahadevaswamy, CMD of NBCC.

Ar. Gajanand Ram, vice-president council of Architecture India, discussed impending changes in architecture studies under the National Education Policy, envisioning a world-class field where professional educational institutions extend beyond specific courses.

The management of DDF shared, "This is one platform that brings together people from industry, profession and academics. The ideas shared during the conclave would formulate the strategies for the development of the nation."

The conclave facilitated discussions on strategic planning for India's global positioning, collaborative initiatives for sustainable development, and innovative approaches to drive growth across sectors.

## DEVCON 2024: A gathering of industry experts & global insights

AGENCIES  
MUMBAI, 11 FEBRUARY

The development conclave DEVCON 2024 with the theme "India Rising - A Vision for Amritkaal," served as a transformative platform, fostering insightful discussions and collaborations among industry leaders & experts in New Delhi.

The conclave was inaugurated by the chief guest NBCC CMD KP Mahadevaswamy. During the event he shared insights and reflections focusing on the successful completion of various projects with DDF.

He spotlighted the construction achievement of IIM Sambalpur, designed by DDF and completed within a brief span of two years, even amidst the challenges of the post-Covid era. The 200-acre campus garnered recognition, including praise from the Prime Minister.

He stressed the utilization of India's talent pool for the betterment of the nation. While addressing the event, he said, "India has a vast pool of talent, and it is important to harness it effectively. Initiatives like 'Make in India' and 'Viksit Bharat' play an important role in driving national progress."

The management of DDF shared, "This is one of the platforms that brings together people from industry, profession and academics together. The ideas shared during the conclave would formulate the strategies towards the development of the nation. It will help to move towards the Prime Minister's vision of Amritkaal."

This is one of the platforms that brings together people from industry, profession and academics together. The ideas shared during the conclave would formulate the strategies towards the development of the nation. It will help to move towards the Prime Minister's vision of Amritkaal.

The event facilitated an exchange of ideas and perspectives on critical issues impacting the nation's growth and development on the global stage. Noteworthy discussions included strategic planning for India's global positioning, collaborative initiatives for sustainable development, and innovative approaches to drive growth across sectors. The conclave attracted a diverse array of participants, fostering networking opportunities and collaborations among prominent figures from various sectors.

Hosted by DDF consultants, DEVCON 2024 reflects DDF's dedication to providing a platform that leads India towards a brighter future. They celebrate the success of this transformative event, we look forward to continued collaborations and partnerships for the sustained growth of our nation.
